55 Head Street
Dundas, ON

Thursday, January 26, 2017
9:30 am to 3:30 pm

Quinte Conservation Office
2061 Old Highway 2
Belleville, ON

Tuesday, January 31, 2017
9:30 am to 3:30 pm

Canada's Ecological Gifts Program (EGP) provides a way for Canadians with ecologically sensitive land to protect nature and leave a legacy for future generations. OLTA is pleased to announce two regional workshops to provide you with a better understanding of this program, its requirements and processes.

Each workshop will be beneficial for anyone wanting a general overview of the EGP. It will be useful for staff and board members who are new to, or would like an in-depth refresher of the Ecological Gifts Program process. Please feel free to invite others who contribute to your organization to attend the workshop. In addition to the submission process and how submissions are evaluated, the workshop will also cover the financial benefits of going through the EGP (of interest to your donors and board members), and reviewing appraisals (for those of us who are not appraisers). With some advance notice, we can also tailor content to specific questions you may have. Land trust members with experience with the Ecological Gifts Program are encouraged to attend and share their experiences with their peers. Each donation scenario is unique and we can all learn from each and every one of them. We invite you to come prepared with questions for our speaker!

To register contact Phyllis Lee at admin@olta.ca or call our office at 416-588-6582 by January 20, 2017. Space is limited so register soon!

About our presenter: Laura Kucey
Laura Kucey is the Ontario Regional Coordinator for the Ecological Gifts Program.

Laura has a passion for the land trust movement, and OLTA is thrilled to have her share her expertise with us.

This project was undertaken with the financial support of the Government of Canada.

Ce projet a été réalisé avec l'appui financier du gouvernement du Canada.
